Dear Mark,

Your deadline for submitting a written statement or additional materials was December 15th, as outlined in your scheduling letter sent December 8, 2017 (see attached). As would be the case for any other student, if you submit materials prior to the case packet being sent out to the COS they would be considered for inclusion at the discretion of the Hearing Chair, and may not be included. Please send in any materials you want considered for inclusion in the packet as soon as possible.

Please be aware that as Anne and I communicated in our last conversation with you, the COS Chair will only be allowing materials or discussion of information related to the allegations and associated behavior. The COS is not a venue for addressing your concerns about the previous hearing or concerns with College procedures.

After 12 noon today I may not be able to respond to communications until after my return to work on January 2, 2018.

Sincerely,  
Adam

Dean Adam, Anne,

I would like you to answer the following as soon as possible, and to schedule another recorded phone call with either of you sometime tomorrow.

- Kevin O'Leary suggested I ask you if the College will pay my room & travel costs to attend my hearing on January<sup>18</sup> in person, and so I wanted to know if this might be possible.
- May I ask for the deadline by which I need to submit information in advance of my hearing to be moved back as far as possible (at least until the 3<sup>rd</sup> when people will even be back at work to review it anyways). Again, I did not turn in my statement of understanding on time by November 14<sup>th</sup> because Katharine Strong committed a series of ludicrous, abusive behaviors that made it virtually impossible for me (or any reasonable person in my position) to comply with the deadline I (allegedly) failed to meet. Additionally, it has been virtually impossible for me to complete these materials, or prepare what I need to submit to the COS before my hearing, because my time in the past few months has been spent primarily trying to prevent employees of the College from causing me additional harm, or get them to provide me information which I have been promised (by the director of JAO in a recorded conversation, amongst other instances), need to complete my statement of understanding, prepare the materials I need to submit to the COS in advance of my hearing, and finally, have been asking for since about October 27<sup>th</sup>, 2017.

Sincerely,  
Mark Anderson
